Dear FCC Chairman Ajit Pai,

I strongly support the existing Net Neutrality rules, which classify internet service providers under the Title II provision of the Telecommunications Act. Please DO NOT roll back these regulations.

Rolling back these regulations would greatly restrict access to the internet, particularly for people in rural areas and for people with a low-income. Rolling back Net Neutrality would also curtail free speech on the internet and restrict the free flow of information.

DO NOT DISMANTLE NET NEUTRALITY.

Sincerely,

Roger Drew
